Learn how the HITECH Act Affects you

On February 17, 2009, the President signed the HITECH Act. The HITECH Act provides up to \$44,000 in financial incentives to providers that adopt Electronic Health Record (EMR/EHR) systems and demonstrate Meaningful Use. The HITECH Act is a great opportunity to stimulate adoption of EHR. We are here to help you navigate through the complex healthcare environment, maximize your revenue, and focus on patient care.

Attendees Will

- Receive a Meaningful Use toolkit to bring back to office staff
- Learn what it takes to receive the up to \$44,000 in stimulus money
- Understand how the HITECH Act changes the way physicians practice medicine
- Learn about the penalties for not adopting electronic health records
